‘We used BRIDGE as our main route to our Trade customers and have found it a valuable tool to expand our business’

*Phillips & Wood*

‘BRIDGE is the ideal vehicle to generate website hits, high grade leads are guaranteed to follow each publication’

*Mr Light*

## Introduction

BRIDGE FOR DESIGN is the only high end luxury interior design magazine that is delivered to interior designers, hotel specifiers and architects internationally.

The BRIDGE portfolio comprises of a beautifully presented quarterly magazine, digital editions, an affiliated website and regular e-mail newsletters.

BRIDGE FOR DESIGN has grown successfully over the past 12 years and grown substantially by maintaining a clear focus: To sell its advertisers products.

‘Thank you very much for including us in your beautiful Summer issue. We’re very proud to be advertising with BRIDGE. Great stories, great coverage, great company of advertisers, great magazine!’

*Nathan Anthony*

## The Benefits

BRIDGE FOR DESIGN generates sales for its advertisers – a publication that connects suppliers to the interior design buyers.

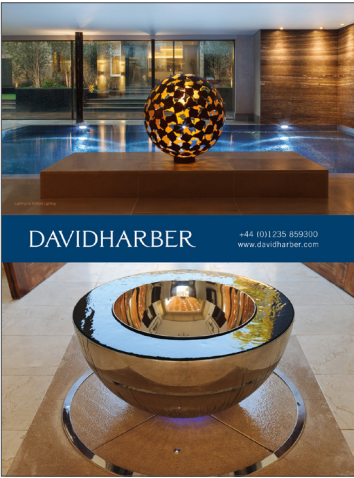

It is cost effective. Just one good quality lead could easily pay for your advertisement.

It allows you to present your products and services, not just to the design world but to the people who employ the designers.

It has a digital issue that has links connecting each advertisement to the website generating extra traffic to the advertisers website.

It's exclusive. It reaches people other magazines do not. BRIDGE FOR DESIGN is sent to a select private mailing list worldwide, which is constantly being updated.

It stands out from the crowd – unlike many free publications, it provides a great presentation of luxury lifestyle brands and is viewed as being better quality than the leading paid glossy magazines.
