‘We used BRIDGE as our main route to our Trade customers and have found it a valuable tool to expand our business’

*Phillips & Wood*

‘BRIDGE is the ideal vehicle to generate website hits, high grade leads are guaranteed to follow each publication’

*Mr Light*

## Introduction

BRIDGE FOR DESIGN is the only high end luxury interior design magazine that is delivered to interior designers, hotel specifiers and architects internationally.

The BRIDGE portfolio comprises of a beautifully presented quarterly magazine, digital editions, an affiliated website and regular e-mail newsletters.

BRIDGE FOR DESIGN has grown successfully over the past 13 years and gained substantially by maintaining a clear focus: To sell its advertisers products.

‘Thank you very much for including us in your beautiful Summer issue. We’re very proud to be advertising with BRIDGE. Great stories, great coverage, great company of advertisers, great magazine!’

*Nathan Anthony*

## The Benefits

BRIDGE FOR DESIGN generates sales for its advertisers – a publication that connects suppliers to the interior design buyers.

It is cost effective. Just one good quality lead could easily pay for your advertisement.

It allows you to present your products and services, not just to the design world but to the people who employ the designers.

It has a digital issue that has links connecting each advertisement to the website generating extra traffic to the advertisers website.

It's exclusive. It reaches people other magazines do not. BRIDGE FOR DESIGN is sent to a select private mailing list worldwide, which is constantly being updated.

It stands out from the crowd – unlike many free publications, it provides a great presentation of luxury lifestyle brands and is viewed as being better quality than the leading paid glossy magazines.

# E-Newsletter

Generate quality sales leads by getting your message in front of our targeted e-mail database which is made up of: Interior Designers, Architects, Furniture Buyers and Hotel Specifiers

Our e-newsletters are proven to drive potential clients to your website – 10% of those who open a BRIDGE FOR DESIGN newsletter click through to the advertiser's website.

We pass on the details of those who clicked through to you - it is the cost effective way of generating valuable sales leads.

A customised solus e-shot which we can put together for you gives you up to 250 words and six images.

We split our database down into four main sectors:

<b>UK and Ireland</b>	65,000
<b>US and Canada</b>	100,000
<b>Europe</b>	40,000
<b>Rest of World</b>	20,000

A customised solus campaign to one of these sectors: £750 | \$1200  
Add another sector for: £100 | \$160

Combine this with an advertisement in BRIDGE FOR DESIGN print and digital editions and you have the ultimate advertising campaign.

*Gizela El Glorini*

Based in her Chelsea Studio and Gallery, in the heart of the British art world, **Illustration** artist, **Gizela El Glorini** has developed a unique style on modern art that fuses ancient paint techniques with innovative LED lighting.

Inspired by her Iberian heritage, El Glorini uses a geometrical method employed in Meso art to capture the essence of her subjects on canvas, which she then illuminates from behind to give them a new dimension and fresh perspective.

El Glorini's work is influenced by her love of patterns, which she reinterprets through vibrant colors and intricate paints to capture light. "Patterns are part of my family's legacy," she says. "They are in my mind when I paint, bringing me back to my roots and the art, culture of colors of Mexico."
